2026 WholesaleUSPeptides Partner Catalog

AMERICAN MANUFACTURING • INDEPENDENT TESTING • WHITE LABEL SOLUTIONS

• MADE IN USA • THIRD-PARTY TESTED • BATCH TRACEABLE • WHITE LABEL READY

Built for Long-Term Manufacturing Partnerships

WholesaleUSPeptides.com provides domestic peptide manufacturing, independent lab testing, and white-label fulfillment for clinics, distributors, and private-label brands nationwide.

01**American Manufacturing**

Every compound produced through licensed U.S. manufacturing partners in compliant domestic facilities, with documented chain-of-custody on every lot.

02**Independent Testing**

HPLC purity, LAL endotoxin, and ICP-MS heavy metal screening performed by a third-party U.S. laboratory on every production lot.

03**Batch Traceability**

Every lot is assigned a unique batch number with full chain-of-custody documentation available to verified partners.

04**White Label Program**

Launch your own brand on our manufacturing. Custom labeling, batch-specific QR codes, and COA documents delivered for your platform.

05**Fulfillment Support**

Inventory management, packaging support, and nationwide shipping designed to keep qualified partners stocked and operational.

Capsules BPC-157, TB-500, NAD+, NMN, Methylene Blue, LDN, Berberine, Rapamycin, Metformin	Custom Formulations Blends, sprays, and topicals — custom ratios available on request

Most Requested Products

Our highest-volume compounds across wholesale and private-label accounts. Full pricing tiers are available after partner access is unlocked.

BPC-157	PEPTIDE	TB-500	PEPTIDE
Ipamorelin	PEPTIDE	AOD-9604	PEPTIDE
CJC-1295	PEPTIDE	Epithalon	PEPTIDE
GHK-Cu	PEPTIDE		

- Minimum 10 units per SKU — batch-specific COA available on every compound.

Your Brand. Our Manufacturing.

Launch a private-label peptide line without a manufacturing facility. We handle production, testing, labeling, and fulfillment.

- **10 Unit Minimums** — per SKU, across all white-label formats.
- **Batch-Specific QR Codes** — every label links to the independent COA for that lot.
- **Custom Branding** — your logo, label design, and brand name on every unit.
- **Fulfillment Support** — packaging, inventory, and nationwide shipping.
- **Compliance Review** — labels and artwork reviewed before print approval.

Manufacturing Standards

Every batch produced through qualified domestic manufacturing partners with documented chain-of-custody and lot traceability.

Independent Testing HPLC purity, LAL endotoxin, and ICP-MS heavy metal screening on every production lot, performed by a third-party U.S. laboratory.	Batch Traceability Unique batch number assigned to every lot with full chain-of-custody documentation.
COA Availability Batch-specific Certificates of Analysis delivered to white-label partners for publishing on their platforms.	American Manufacturing Produced through licensed U.S. manufacturing partners in compliant domestic facilities.

Ordering Process

Account approval and fulfillment follow a consistent, documented process for every partner.
